Hi Billy,

RE: Moving Company: Gotta Have It
Billy Williamson, owner
phone # 804-436-2804

We will have 3 old file cabinets from upstairs (empty) to remove and take to the METAL discard dumpsters.

We will have the contents of those file cabinets boxed up which need to be moved downstairs to our kitchen area... estimating about 10 boxes, maybe. We have some electronic items to take upstairs (printers, phones, etc.) which will be placed in a large plastic container.

Date to do this is not finalized yet, but your estimate is \$65 for the truck plus \$150 an hour for the labor, correct? We will contact you probably sometime after January 12th with the go-ahead.

Just return my email to me with your approval of this, and it will stand as your estimate.

Thank you,

Laurel Taylor
