

154.195

(b) In the absence of a street address, a method of location acceptable to the Administrator shall be used.

(3) Square foot area per sign face and the aggregate square foot area of the sign in conformity with this subchapter;

(4) Name, address and signature of the owner or lessee in control or possession of the real property upon which said sign is to be located; and

(5) Sketch, blueprint, blueline print or similar presentation drawn to scale, showing all pertinent structural details and display materials in accordance with the requirements of the County Building Code. The design is to be approved by the Town Council.

(C) Provided that provisions of this subchapter have first been complied with, and the signs do not violate any of the terms, conditions or provisions of this subchapter, or of any other law or ordinance, within ten business days after receipt by the Zoning Administrator, a permit for such sign and structure shall be issued and the Zoning Administrator shall retain a copy thereof for his or her records.

(D) If a sign authorized by a permit is not completed and in place within six months after the date the permit was issued, said permit shall become null and void, except that the Zoning Administrator may grant one extension for a period not to exceed six months.

(E) Design, size, construction and placement of a sign shall not deviate from the plans approved for issuance of the permit.

(F) After the issuance of any permit for a sign under this subchapter and within ten days after the installation of such sign, the applicant shall submit a photograph of the sign as completely installed, which shall be filed with the original application, along with written certification from the owner, applicant or designer whose name appears on the approved plans, that the sign has been constructed according to the approved plans.
